11. I learned something new from my TA this term.

1                      2                      3                      4                      5

12. Additional comments/suggestions:

Mohsen was a wonderful TA. He was very responsive to email messages, always available for questions with class material or Matlab and an advocate for students in promoting learning of course material & clear course expectations. If there is a TA teaching award or other award for TAs, Mohsen would be an excellent candidate.
